Meticulously maintained log home overlooking pond. You can't help but relax when you enter this peaceful, rustic setting. The wood throughout is beautifully finished in deep, rich tones. The kitchen was renovated in 2010 with an island and stainless appliances. The main level bath was renovated in 2010. The living room floors are about 2 years old. The Master Bedroom is on the main level. The finished lower level has a large recreation room with a wood burning stove that dramatically reduces winter heating bills. A wonderful three-season room leads to the large deck overlooking the neighbor's pond. The home is loaded with large closets and a concrete floored crawl space that ensure you'll never run out of storage. The huge, private back yard has plenty of room for sports, games, gardens and whatever. A larger shed with an air-conditioning unit is perfect for a workshop and a second shed offers additional storage. The side yard is fenced for pets.
